SUMMARY

A Software engineer with expertise in MERN stack and Ethereum blockchain. Skilled in developing responsive web apps, real-time features, and API integration. A collaborative problem-solver, committed to delivering innovative solutions and meeting deadlines in challenging environments.

SKILLS

 Java Script |React.js | Web Design | Nodejs | Expressjs | Nextjs |Solidity |PHP | SQL | Github | Problem Solving |Teamwork

TECHNICAL WORK EXPERIENCE

Web Developer Intern   **August 2024**
ITSOLERA   *Remote*
- - Gained fundamental expertise in the MERN stack during a web development internship.
- - Demonstrated dedication to professional growth in the field of web development.
- - Developed essential skills and knowledge in utilizing the MERN stack for web development projects.

Web Developer Intern   **January 2024**
BEHINDEV   *Remote*
- - Completed a one-month remote internship, demonstrating proficiency in web development through the completion of assigned tasks

PERSONAL PROJECTS

E-Commerce Website (MERN Stack)
Developed a dynamic and fully functional e-commerce website using the MERN stack (MongoDB, Express.js, React, Node.js). Implemented user authentication, product listings, shopping cart, and payment integration. Ensured seamless user experience through responsive design and optimized performance.

Chat Application(MERN Stack)
Developed a chat application using the MERN stack and Socket.IO for real-time messaging. Features include user authentication, multi-user chat rooms, and a responsive UI built with Tailwind CSS.

Food Ordering Website(ReactJs)
Built a responsive food ordering platform using React and integrated Stripe for secure and seamless online payments. The project enhances user experience by providing an efficient checkout process with real-time transaction feedback.

Weather App(JavaScript)
Built a dynamic weather app using JavaScript that fetches real-time weather data from external APIs. Implemented location-based search and responsive UI for an enhanced user experience.

EDUCATION

BS Software Engineering   **Sept 2020 - Aug 2024**
The Islamia University of Bahawalpur
- Actively engaged in sports such as cricket and badminton for a healthy and active lifestyle.
- Contributing as a member of the software engineering community, participating in events and knowledge-sharing initiatives.
